Subject Radon Subpart W - Draft Risk Assessment Document - Internal Deliberative

Just a reminder about this document, since I haven't heard back from anyone.

Tim

Subject: Radon Subpart W - Draft Risk Assessment Document - Internal Deliberative

Hello,

I'm writing to you as ORD members of the agency workgroup to review the NESHAP subpart W for radon emissions from uranium mill tailings. I took over as the ORD lead from Mandy Evans when she left last year. We haven't heard much about this workgroup for a long time, but in going through my email after the New Year, I found the request attached below. ORIA's contractor has updated the risk estimates for each regulated operating source, and ORIA is looking for workgroup review. Would you be able to look over the document and send me any comments by the end of next week? I'd like to be able to compile your comments and send them all to ORIA by the 18th. If you won't be able to look over the document, or if you look it over and have no comments, please let me know that too. Thank you for your help.

Tim Benner

Subject: Draft Risk Assessment Document - Internal Deliberative Document

Hello All,

My apologies for being out of touch for so long. I have attached a draft risk estimates document from our contractor. (b)(5) - Deliberative Process Privilege

(b)(5) - Deliberative Process Privilege

I know it will be difficult to review this document within the next week or so. Therefore, I would appreciate it if you could provide comments to me by no later than Tuesday, January 18, 2011. After I have compiled the comments, we will have a workgroup meeting to discuss. Thanks for all your help, and Happy Holidays.

Reid
